

Training in Matrix Reimprinting

with

Ted Wilmont

The Novara Centre, Bray, Co Wicklow

Saturday 21 & Sunday 22 April 2012

€395 per person

Aimed at EFT (emotional freedom technique) practitioners and those experienced in using EFT and other energy therapies, this exciting new meridian energy technique takes you to practitioner level and is fully certificated and approved by AAMET.

The workshop will be run by advanced EFT practitioner and trainer Ted Wilmont, one of the first people in the world qualified to train this revolutionary new technique.

Matrix Reimprinting draws upon the findings of quantum physics and the New Sciences (especially the New Biology) and recognises that we are all connected by a unified energy field.

- Over 95% of our daily activities and behaviours are governed by our subconscious, which is governed by the images of past events where trauma and core beliefs were formed.
- EFT Matrix Reimprinting enables us to change these images and improve every aspect of our life.
- It's a quick and easy to learn technique that literally changes the environmental signals to which our bodies respond.

NB – places will be limited and early booking is strongly advised – €50 deposit required to secure booking

**To book your place call Clodagh O'Mara on 00 353 40238033 or
email clodaghomara@gmail.com**
